TEROSON BOND 30 PROFESSIONAL SAUSAGE

TEROSON BOND 30 Professional will make your professional windscreen replacement job even faster and more efficient.
The product is cold-applied and has only 30 minutes safe drive away time which was tested according to the US Crash-Norm FMVSS 208/212 and new Henkel crash-test standard.

Key benefits

- Safe to drive away in 30 minutes (with airbags)
- Compatible with ADAS sensors thanks to very low conductivity
- Easy and fast processing
- Position tack – no sagging
- High modulus supporting car body strength in case of a crash

Pre Treatments

TEROSON ALL IN ONE PRIMER

Primer system which can be applied on all surfaces that are handled within the glazing process. The main tasks of this product are UV protection of the bondline and to increase the adhesion. Its short evaporation time allows a fast glazing process. Also used to activate residual beads if a further cutting is not possible.

Key benefits

- Excellent adhesion to glass, ceramic, paint and plastics
- UV resistant
- Activation of cut beads (after more than 2 h open)

Product description	Content	Material type	Quantity	SKS code
TEROSON ALL IN ONE PRIMER	100ML	POLYURETHANE	1 PIECE	9201139879

TEROSON BOND SPONGE

Melanin foam which is ideally used in combination with TEROSON cleaners for best surface preparation.
The sponge can also be used as primer / activator applicator.

Key benefits

- Solvent resistant
- Abrasive property
- Suitable for all surfaces of the vehicle, especially glass and Ceramic layers
- Part of efficient cleaning process
- Removal of freshly cured primer

SINGLE CUT EVO 5.0

Single-Cut EVO 5.0 is a glass removal tool that enables the operator to remove direct-glazed windscreens, sidelights and backlights efficiently and safely. This item is supplied complete in a purpose-built, compact plastic carrying case incl. 50 m high tensile strength Single-Cut fiber cord.

Key benefits :

• Secondary suction pad with vacuum indicator
• Torque applied to the suction pad is minimized by two rollers built into the housing
• Unwanted uncoiling of the cord is prevented by a fixing clip located on the side of the tool
• CNC milled from solid aluminum material

Kit including :

• 1 single-Cut EVO 5.0 with gearbox including 7M cord
• 1 fiber cord 130 daN, 50M – SKS code 9201138993
• 1 secondary suction pad with vacuum indicator
• 1 bit holder with locking function
• 1 wire guard template

CALIBRATOR

Some of the latest vehicle models have no external top trim fitted to the windscreen and incorrect positioning of the glass in the vehicle aperture may result in wind noise. Furthermore, vehicles equipped with head-up-display require the windscreen to be fitted precisely to the correct depth in the vehicle aperture for the image to appear clear and not distorted. With this tool you can determine the exact depth from glass to aperture as per the original manufacturer's specifications.

Product description	Material	Quantity	SKS code
CALIBRATOR	METAL	1 PIECE	9201138351

CALIBRATOR

This calibrator is used to measure the clearance. It offers the possibility to position the new windscreen precisely using gauges ranging from 1-12 mm.

Key benefits
- Wind noise and tension in the glass can be avoided
- Add-on parts such as water panel moldings or trims can be mounted precisely

Blades

CHISEL BLADES PREMIUM

The three available blade lengths guarantee a clean and damage-free cut according to PU bead width.

Key benefits

- 3 times longer service life
- Lower risk of breakage
- Rounded edge for paintwork/Bodywork protection

SUITABLE WITH...

Chisel blade holder

Cutting wires

SQUARED CUTTING WIRE

The disadvantage of most square cutting wire is the lack of flexibility. Flexi-cut however, has a special alloying that makes it very bendable, while still maintaining its high cutting strength.

Key benefits

- Strong quality
- High cutting performance
- Spool dispenser with rubber band for an easy application

□ 0,6 mm   Spool Dispenser

Product description	Diameter	Dimensions	Material	Quantity	SKS code
SQUARED CUTTING WIRE	0,6MM	22M	METAL	1 PIECE	9201139992
SQUARED CUTTING WIRE	0,6MM	50M		1 PIECE	9201137310

ROUNDED CUTTING WIRE

Do not catch or damage the seals during cutting, it also slips in more easily when the space between the bodywork and the window is reduced.

○ 0,6 mm

Product description	Diameter	Dimensions	Material	Quantity	SKS code
ROUND CUTTING WIRE	0,6MM	100M	METAL	1 PIECE	9201137300

TRIANGULAR CUTTING WIRE

This three slided wire can be used on all PU materials, as it offers good cutting edge properties due to its shape.

△ 0,6 mm   Spool Dispenser

Product description	Diameter	Dimensions	Material	Quantity	SKS code

Cutting wires

BRAIDED CUTTING WIRE

Key benefits

- High resistance

✦ **0,9 mm**

Product description	Diameter	Dimensions	Material	Quantity	SKS code
BRAIDED CUTTING WIRE	0,9MM	22M	METAL	1 PIECE	9102020100

NYLON CUTTING WIRE

Designed to bring durability, strength, performance and safety. Improve cutting results from all cutting systems. Designed to avoid to make scratches on the body car. This wire endowed a resistant technology to the abrasion which offers the opportunity to use again the same length many times.

Premium **QUALITY**

○ **0,95 mm** | **Spool Dispenser**

Key benefits

- Strong quality : 2500 Newtons
- Trims which must not brake (clips – fastener – spacers)
- Brakes at high tensile strength

Product description	Diameter	Dimensions	Material	Quantity	SKS code
NYLON CUTTING WIRE	1,1MM	100M	NYLON	1 PIECE	9201139993

POLYETHYLENE CUTTING WIRE

Cutting cord with high tensile strength for single cut system. Essential where the clearance between the glass and body is extremely limited.

✗ SUITABLE WITH...
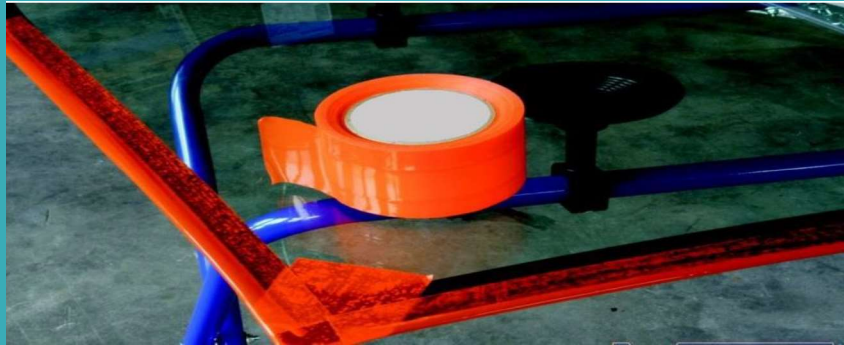

Single cut Evo system 9201139720 Page 16

Moldings

UNIVERSAL MOLDINGS

Sekurit Moldings ideally fit around corners. They will not roll off the edge, begin to notch, or have the cap curl up even when fitted around tight corners. Produced with a new blend of synthetic rubber and a unique channel design. They provide excellent cornering and grip, and give a professional finish to your installations. They will not fade, crack, or shrink.

Key benefits

- remain flexible in cold weather
- Cover a wide range of automotive glass from most global manufacturers.

Sensors

SKS SYRINGE SENSORGEL 3,5ML

This 2-component silicone gel allows cost-effective reuse of round-type rain and light sensors. Quick and easy to apply, the old sensor can be reattached to the windscreen in just a few minutes.

Components: 2-component sensor gel, 2-component syringe, slider, mixer jet

Key benefits

- Cost-saving (no need to buy expensive new sensor), easy handling and application, very short curing time
- Can also be applied on mobile applications at ambient temperatures down to -15 °C

Sensors

SKS SENSOR COMBINATION KIT

You can replace the damaged pads by using the combination kit, which comprises both an already shaped silicone pad and a supply of 1 gel. Simply remove the damaged silicone pad from the sensor optical surface and remove the existing silicone from the face of the sensor. Clean the surface thoroughly and apply the gel to the face of the sensor unit allowing the gel to cover all the raised features. Allow to cure. Then carefully place the new pad in position.

Key benefit

It takes only a few minutes to re-apply the sensor to the windscreen

SUCTION CUP 150MM

Easier and safer to attach that common suction lifters with clamp lever technology.

The bell shaped rubber pads already adhere onto the glass surface with slight pressing even before pressing the lever.
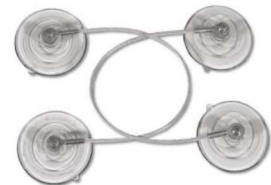

Possibility to pass a belt through.

Key benefit

- Load capacity for each lifter is 80 kg.

Product description	Load Capacity	Diameter	Material	Quantity	SKS code
SUCTION CUP 150MM	80 KG	150MM	PLASTIC/METAL	1 PIECE	9201137500

DOOR GLASS WINDOW HOLDER

This holder allows free-fastening of sidelights so that the door winding elements can be prepared without problem

Storage racks

STORAGE RACKS

With this windscreen rack, which is specially designed for the carrying of glasses, the loading of glasses is easy.
Four friction pins hold the mast assembly in a vertical position. To fold the rack in seconds, simply pull the friction pins out. Once folded, it is very compact and space-saving.

Key benefits

- Available in different sizes
- Wide spacing between the tubes to allow to carry any size glass panel
- Three different adjustable height position
- Foldable

Discs
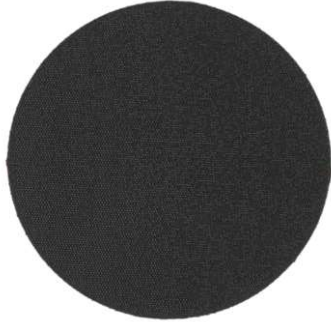

CONVENTIONAL FOAM INTERFACE

Self-Grip interface pads have a quick release backing that allows quick and easy disc changing, increasing performance by minimising downtime. The foam layer absorbs unevenness in the surface, helping to maintain an excellent cutting action providing a very homogenous, high quality finish.

Key benefits :

- Super soft interfaces with 10mm foam thickness for the best finish even on curved surfaces.

Product description	Diameter	Quantity	SKS code
CONVENTIONAL FOAM INTERFACE	0,75MM	2 PIECES	9201138981

PRO SELF GRIP SANDING DISCS 76MM

The unique properties of Norton Pro sanding discs provide a fast, cool cut rate with no clogging, resulting in a longer lasting product, and an outstanding result compared to competitor products. The special No-Fil coating prevents the build-up of dust and premature clogging of the disc. In very fine grits it can be used for final dry sanding operations before spraying without any risks of runs.

Key benefits :

- Heat treated aluminium oxide abrasive provides a faster cut rate and consistent scratch pattern for a consistently good surface finish
- No-Fil® coating prevents premature clogging for a long lasting disc
- Can be used universally on many different surfaces

Product description	GRIT	Quantity	SKS code

PURE ICE FILM DISCS Q175

Solution of abrasive discs to provide the ultimate finish.

Key benefits :

- Excellent flexibility, allowing conformity to contours in the car body and it helps the discs to remain flat and prevent curling
- Patented resin technology promotes excellent grain adhesion that keeps the disc effective for longer and imparts a consistent finish that's easier to buff out

G MOP SUPER HIGH CUT PAD

With a faster cut, the engineered fibre pad requires half the compound habitually used, and only light pressure resulting in less fatigue.

Key benefits :

- Hybrid of foam and engineered fibres keep panels cool and significantly reduces drag improving ease of use

- Superb handling and flexibility, glides easily over surface contours

Product description	Diameter	Quantity	SKS code
G MOP SUPER HIGH CUT PAD	0,75MM	3 PIECES	9201136139

G MOP YELLOW COMPOUNDING FOAM

The G Mop Flexible Yellow Compounding Foam pad provides superb handling on awkward areas, curves and contours with the same excellent cut and gloss of our standard yellow pads.

This applicator pad has a closed cell structure which means there is minimal throw off (mess) and can be used with water.

Product description	Diamètre	Quantity	SKS code
G MOP YELLOW COMPOUNDING FOAM	0,75MM	5 PIECES	9201136101

G MOP BLACK FINISHING FOAM

Key benefits :

- Soft, open cell structure
- Light cut, high gloss finish
- GMF624 - Superb handling and flexibility, glides easily over surface contours

G3 PRO DEEP CLEAN CLAY MITT

This revolutionary, re-usable G3 Pro Deep Clean Clay Mitt uses an advanced rubber polymer technology that easily removes ingrained dirt, bugs, tar spots and dulling pollutants from paintwork, windscreens and headlights.

Key benefits :

• Removes ingrained dirt particles
• Bug and tar remover

Product description	Quantity	SKS code
G3 PRO DEEP CLEAN CLAY MITT	12	9201136093

G3 PRO LEATHER CLEAN

The foaming action of G3 Pro Leather Cleaner reaches deep into soiled areas and lifts embedded dirt. It is silicone free, and leaves a natural, new look finish, without creating a hazardous, slippery surface. Natural lanolin oils condition, feed and soften the leather.

Key benefits :

• Removes ingrained dirt particles
• Bug and tar remover

Cleaning

G3 PRO MULTICLEANER

G3 Pro Multicleaner is a rigorous solution that is safe to use on all soft and hard surfaces, including wheel arch liners, engine bays, carpets and upholstery. It is a hydrocarbon silicone free product that will not discolour rubber, plastics, vinyl or fabric. For maximum performance, use neat, but it can be diluted with water for lighter contamination.

Product description	Content	Quantity	SKS code
G3 PRO MULTICLEANER	500ML	1 PIECE	9201136088

G3 PRO RAPID DETAILER

G3 Pro Rapid Detailer is a mild cleanser for use between washes to prevent the build-up of contaminants that can become ingrained into your paintwork. It removes light dirt, dust and fingerprints and leaves a 'just waxed', high gloss finish without stripping previously applied polishes and waxes from the surface. It is a safe product that can be used every day.

| Product description	Content	Quantity	SKS code
G3 PRO RAPID DETAILER	500ML	1 PIECE	9201136089

G3 PRO SHAMPOO

High foaming action with special lubricants that provide a smooth, easy glide use to remove harsh contaminants without scratching. Highly concentrated formula means a little goes a very long way (20ml of shampoo : 10L of water) great quality to value ratio.

Product description	Content	Quantity	SKS code

Cleaning

G3 SNOW FOAM

For the first step in exterior maintenance detailing. Ideal for touchless cleaning before full exterior work. High foaming action softens and lifts dirt, making it ideal for removing damaging particles without touching the surface. Use for general, maintenance cleaning. Can be used as a shampoo 2 capfuls to a 15 L bucket of lukewarm water.

Key benefits :

- Safe, PH neutral, maintenance cleaning
- Does not remove existing wax layers

Product description	Content	Quantity	SKS code
G3 SNOW FOAM	500ML	1 PIECE	9201136085

G3 WHEEL CLEANER

Touchless cleaner for all wheel types, including alloys, steel, chrome, painted and plastic trims. Colour-changing technology activates as brake dust and iron rich contaminants dissolve.
Note: Do not wash microfibre cloth in washing machine after using.

Key benefits :

- Will not discolour tyres, paintwork and driveway
- Gel formula clings to wheels
- Leaves a high gloss finish

Product description	Content	Quantity	SKS code
G3 WHEEL CLEANER	500ML	1 PIECE	9201136092

G3 PRO ALL-IN-ONE POLISH

G3 Pro All In One Polish restores the condition of many different surfaces and coatings including paint, lacquer, chrome, aluminium, plastic lenses and glass. Use by hand or with a polishing machine to eliminate medium and minor scratches, swirls, holograms, oxidation, watermarks and more, leaving a high shine finish and a hydrophobic layer prior to final protection.

Product description	Content	Quantity	SKS code
G3 PRO ALL-IN-ONE POLISH	500ML	1 PIECE	9201136095

G3 COLOUR RESTORER

G3 Pro Colour Restorer uses a high grade of light polishing abrasives to permanently remove minor defects such as micro scratches, light oxidation, holograms and tree sap that cause dulling and fading. This will bring paint back to its original showroom condition.

| Product description	Content	Quantity	SKS code
G3 COLOUR RESTORER	500ML	1 PIECE	9201136083

G3 PRO SCRATCHER REMOVER

G3 Pro Scratch removes minor scratch marks that do not stop your fingernail when run over the surface. The appearance of deeper scratches will be diminished. The liquid spreads easily and is ideal for larger areas, whereas the paste is thick and easy to control, making it ideal for small areas.

WIPER BLADES

VALEO, THE WIPING SPECIALIST

At Sekurit Service, we firmly believe quality makes all the difference. Which is why we've partnered with the world's market leader in wiper systems: Valeo. As a trusted partner of all major car manufacturers and with Original Equipment (O.E.) plants in France and Poland, Valeo leads the way in wiper systems, manufacturing over 100 million wiper blades per year. Like Sekurit Service, Valeo is committed to sustainable development; they were named the 5th most sustainable French company (and 29th globally) in 2019.

Valeo Infinium™: Valeo launches a new range of high performance, ultra durable and sustainable wiper blades

- Coverage >99% of your car park
- All necessary adaptators/clips
- A solution for all your customers

YOUR BUSINESS MATTERS

ALL-IN-ONE

- A Multi-connection Wiper with adaptors capable of covering all O.E. technologies: Flat Blad, Conventional, Hybrid.
- 94% of car parc covered
